

# SVS 640EM

SVS 640EM is designed for the Express® production system. This strong, robust hybrid maintains consistent performance throughout the season, capturing late-season sunlight to maximize yield.

## Agronomic Traits

- SU herbicide tolerance
- DMR tolerance
- OR7 tolerance
- Consistent across soil types
- Exceptional disease tolerance
- Drought tolerance
- Large head shape
- Very good center head fill

## Characteristics

Maturity.....	Medium/Full
Seed color .....	Black
Sunflower type .....	Oil
Oil type .....	Mid Oleic
Average oil content .....	48-52
Days to flower .....	62
Days to relative maturity .....	106
Average height .....	59-65 inches

Agronomic Rating	1	3	5	7	9
Leaf Rust					
Phomopsis					
Downey Mildew					
Stalk Quality					
Root Quality					
Self-Compatibility
